Share the Plate: Each year, the Social Justice Committee accepts nominations from the congregation for community organizations that do important social justice work in the area and are considered worthy of our financial support. One-half of the money collected in the baskets that are passed at the Sunday services are then given to these organizations. On occasion the VP for Social Justice will add a Share the Plate collection in response to a natural disaster or other crisis.

Special Collection: These are collections to support specific purposes of special or adjunct programs of the church. Annually, members of the congregation send a request for a special collection to the Fundraising Coordinator or Committee; this request is accompanied by a description of the need (purpose) for the collection.

Note: Members and friends are not expected to donate to all fundraisers. This calendar is provided so that the congregation will know in advance what the fundraisers for the year will be, thus enabling them to thoughtfully choose they wish to support.
